

## **DRAGONFLIES (Hewerdine)**

A lost summer's day a life time away  
What do you find?  
A slow turning sun and somewhere to run  
Are in your mind  
Not the flash that you saw then was gone  
In the wink of an eye  
As soon as we're here we disappear like dragonflies

Their miracle blue can never tell you  
How we came to be  
Each different kind accident or designed  
Before you and me  
And we ask the whole of our lives  
When maybe there's no why  
As soon as we're here we disappear like dragonflies

How can something so fragile leave us helpless  
We all feel helpless once in a while  
How can something so fragile leave us humble  
We all need humble once in a while

And though nature can sing such beautiful wings  
Did you think of this?  
That each of us know in our hearts we must go  
That's what beauty is  
And just like the dream you were in  
Dissolved in the morning sky  
As soon as we're here we disappear like dragonflies  
As soon as we're here we disappear like dragonflies

How can something so fragile leave us helpless  
We all feel helpless once in a while  
How can something so fragile leave us humble  
We all need humble once in a while

And though nature can sing such beautiful wings  
Did you think of this?  
That each of us know in our hearts we must go  
That's what beauty is  
And just like the dream you were in  
Dissolved in the morning sky  
As soon as we're here we disappear like dragonflies  
As soon as we're here we disappear like dragonflies

## **SILENT BELLS (Hewerdine)**

There's a truth that is lost  
In the noise life compels  
That all that we are  
Without love  
Silent bells

And where do prayers go  
If the heart never tells?  
Is all that we are  
Without love  
Silent bells?

How does it feel  
Made of fire and steel  
And never allowed to ring?  
You know that it's wrong  
When the soul has a song  
It never gets to sing

So every child knows  
That the sea heard in shells  
Says all that we are  
Without love  
Silent bells

How does it feel  
Made of fire and steel  
And never allowed to ring?  
You know that it's wrong  
When the soul has a song  
It never gets to sing

If without new hellos  
There are no 'fare-thee-well's  
Then all that we are  
Without love  
Silent bells

## **NEW YORK CITY (Douglas)**

I was down in New York City  
I was trying to get back on my feet  
I was looking out for someone else to think about  
And there's no harm in that

You knocked me out on these streets with your beauty  
There's only so much I want us to say  
If I could find us a room in New York City  
There'd be no holdin back  
There'd be no going back

In New York, New York  
We're out in the morning  
We've seen out the night  
We're walking the dawn  
In New York, New York  
The light hits the buildings  
We're out on the town  
It's just like the movies  
In New York City

Down the streets we'd walk and we'd find our way  
For a summer I swore I'd be true  
Down in Union Square you held me there  
I was so far from home, I was out on my own  
Drinking in the heart of New York City  
You were holding your hand out to me  
I was down and out in New York City  
Trying to get back on my feet

In New York New York  
We're out in the morning  
We've seen out the night  
We're walking the dawn  
In New York, New York  
The light hits the buildings  
We're out on the town  
It's just like the movies  
In New York City

## **DANDELION (Hewerdine)**

Dandelion if I make a wish on you  
And then I set you free, onto the breeze will my wish come true  
Oh dandelion I used to be the same  
Nothing could hold me down now I'm earthly bound  
Oh what a shame

Why be afraid after all I have done  
All that I've seen, lost and won  
Nobody knows when the future will come but it must be any day

Oh Dandelion it's so good to see you fly  
And when at last you land I hope you understand  
This is not goodbye

## **LOVE IS THE WAY (O'Rourke)**

Love is the way  
Love is the way  
Love is the way you lead me  
Love is the way  
Love is the way  
Love is the way you lead me

In the light of this day all things make sense somehow  
It's like I've been in a haze  
For what seems like years now  
I suppose I am drawn to bright and beautiful things  
I suppose I am home every time I am in your company

All the moment we share just between me and you  
Are among those I'd care to cherish my whole life through  
I don't know where we're going who knows where we can be  
All I know is we're glowing there are so many possibilities

## **SWEET MOUNTAIN OF LOVE (Brian Wilson/David Sandler)**

I'm looking up (what do you see?)  
I see the sky (and tell me why?)  
I look and wonder (wonder about what?)  
When will I see you? (tell me)  
Standing there  
Standing there  
When will I see you?

In care of my sweet mountain of love  
Au bord de ma chere montagne d'amour  
Au bord de ma chere montagne d'amour

I see the lightning (what do you hear?)  
I hear the thunder (what does it bring?)  
It brings the rain (and if it would?)  
I want you closer  
Standing here  
Very close to me..... a mailman hands to me  
In the soaking rain.....a letter soaked in rain

In care of my sweet mountain of love  
Au bord de ma chere montagne d'amour  
Au bord de ma chere montagne d'amour

I'm looking up (what do you see?)  
I see a light (where does it shine?)  
It shines for me (and does it work?)  
I surely hope so  
Shine for him  
Shine for him....me  
Keep looking out.....up

(Rained on) In care of my sweet mountain of love (it rained on)

(Rained on) In care of my sweet mountain of love (it rained on)

## **NEVER GOING BACK AGAIN (Buckingham)**

You broke down and you let me in  
La la la la la la la la  
I first heard this song in Irvine  
La la la la la la la la  
You told me I was good luck  
I'm 17 in Kilmarnock ha ah  
I'm never gonna be that again

Oooooooooo

Now I've seen what it means to win  
La la la laaaaa  
The Queen of Scots to the Arms of Aglington  
Mmm Mmmmm  
You wished me good luck  
I caught the sleeper from Kilmarnock  
I'm never goin' back again  
Huh huh huh huh choo choo  
I'm never goin' back

## **OVER IT NOW (Reader / Hewerdine)**

Kiss me quick before I turn  
Into a pumpkin  
Nearly sick  
On the wall of death  
But then you  
Held me hard  
Cigarettes  
On the ghost train  
And for a while I was someone else

but I'm over it now I'm over it  
I was falling in love, falling in love with love  
but I'm over it now

The boy who takes  
The money  
on the waltzer  
Winked at me  
I said "keep the change"  
And then I  
Smiled at you my secondhand holiday romance  
And for a while you were someone else

over it now?  
yes I'm over it now  
I was falling in love  
falling in love with love  
but I'm over it now

don't worry baby you don't have to save me  
don't worry baby you don't have to save me

### **FALLEN TWICE (Maher)**

She came to him last night with a bottle of wine and a broken heart  
And he held her in his arms  
And he wondered for a while was sadness just a broken smile  
From a girl with pale green eyes

But he knows now what it was he was falling out of love

When she came to him that night he was quietly sitting in candlelight  
When he heard her at the door  
And it ended in this place where once they held a warm embrace  
But it slipped right through their hands

And words just aren't enough for falling out of love

So she came to him last night with a bottle of wine and a broken smile  
And he held her in his arms  
And he wondered for a while is happiness just a broken smile  
From a man who's wasted time

But he knows now what is true he's fallen twice for you  
He's fallen twice for you

## **IT'S MAGIC (Cahn, Styne)**

You sigh, the song begins, you speak and I hear violins  
It's magic  
The stars desert the skies and rush to nestle in your eyes  
It's magic

Without a golden wand or mystic charms  
Fantastic things begin when I am in your arms

When we walk hand-in-hand, the world becomes a wonderland  
It's magic  
How else can I explain those rainbows when there isn't rain?  
It's magic

Why do I tell me myself these things that happen are all really true  
When in my heart I know the magic is my love for you?

It's magic  
It's magic

Why do I tell me myself these things that happen are all really true  
When in my heart I know the magic is my love for you?

## **ROSES (Reader, Douglas)**

Love is all around feel it in the breeze  
Summer's comin round dressing up the trees  
And it makes me feel alright  
Watching all the signs of passing time  
Seasons going round, digging in their heels

Open up your heart to the passing time  
Clear yourself a path you can leave behind  
Leave a lot of love in each heart you find  
Open up your arms to the passing time

Roses in the ground growing in the fields of summer light  
Showers falling down, all is as it seems  
If it makes you feel alright  
Don't regret a thing you leave behind  
Love is growing wild.. out in summer fields

Open up your heart to the passing time  
Clear yourself a path you can leave behind  
Leave a lot of love in each heart you find  
Open up your arms to the passing time

Open up your heart to the passing time  
Clear yourself a path you can leave behind  
Leave a lot of love in each heart you find  
Open up your arms to the passing time

### **MY SHINING STAR (Wright)**

chorus intro

When the storm was raging  
And the sky was black  
Your light came to me in a bar  
And it brought me to my journey's end  
You are my shining star

Can I stay with you  
My shining star  
Everything that I am  
Seems to be where you are  
Now the sun is eclipsed  
Cause here you are

You are my shining star

vs solo/ chorus

Can I stay with you.....

Can I stay with you.....

## **I WON'T STAND IN YOUR WAY (Douglas)**

your growing up  
you drop my hand  
before I knew it  
you could stand  
I find it hard  
the letting go  
but there's one thing I know  
I won't stand in your way  
so go out tonight  
see all the lights/sights  
I couldn't stand it if you stayed  
and missed out tonight  
so go out tonight  
you'll find friends  
that you can call  
when you need  
someone to lean on  
the finest friends  
a man deserves  
that's one thing I know.  
I understand the things you need  
and all the world you wanna see  
I only want to set you free

so I won't stand in your way...
